## IMPROVING THE LIVES OF FOSTER YOUTH

---

### OUR VISION:

A world where all children feel safe, have a sense of belonging, and have equal opportunities to become happy, healthy, and productive adults.

### OUR MISSION:

To improve the lives of foster youth through the power of community.

Our Extraordinary Cost Program helps to fund **individual needs** of foster youth and families that are not covered by any other source. We support requests that help improve health and wellness, build self-confidence, develop skills and interests, or help place siblings together.

We also fund **programs in partnership** with local organizations, including summer camp through RFK and art camps through CPI. To help alleviate the dire housing situation for former foster youth, we contributed to the capital campaign for CSN's Sanctuary Villas, which will provide supportive housing.

We continue to build strong partnerships with other Sonoma County organizations, with a focus on finding more resource (foster) families, sibling placement, safe reunification or other permanency and supportive housing.
